APPROVAL OF STATE ENGINEER
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the
following limitations and conditions:
This permit to change the place of use of a portion of the waters of the Truckee River as heretofore granted under Claim 635, Truckee River Final Decree is issued subject to the terms and conditions imposed in said decree and with the understanding that no other rights on the source will be affected by the change proposed herein. A suitable measuring device must be installed and accurate measurements of water placed to beneficial use must be kept. This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands. The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies. This permit is limited to the irrigation of 0.94 acres within Assessor's Parcel Number 84-282-14 and a duty of 4.0 acre-feet as decreed from any and all sources.
The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed
